*“Once I discovered BACC, I never felt alone again.”— Erin*

## Our Mission

Bay Area Cancer Connections supports anyone affected by breast or ovarian cancer with personalized services that inform and empower.

## Guiding Principles

1. We place the needs of our clients first.
2. We empower clients by providing education that helps them make informed decisions.
3. We provide personalized services directly and through partnerships across the continuum of care.
4. We value the experience, knowledge, and involvement of volunteers, cancer survivors, their families, and caregivers.
5. We are committed to providing our services free of charge.

*Dear Friends,*

Thank you for making 2018 an extraordinary year for Bay Area Cancer Connections! As we celebrate our 25th anniversary year, we want to express our sincere thanks to all of you who helped us make a difference. We are especially pleased to share with you highlights of the past year's accomplishments.

Despite the challenges of the recent economy, we succeeded in broadening our reach and impact into new parts of the Bay Area. We merged with the Latina Breast Cancer Agency, expanding our reach into San Francisco County; we grew our donor base; we welcomed new Board members, volunteers, and staff; and we created an ambitious three-year strategic plan.

Individuals and families in the Bay Area need BACC more than ever. People seek us out as experienced leaders in cancer supportive care, and we see a tremendous value in continuing to forge productive partnerships with many complementary organizations and individuals throughout the Bay Area. From foundations to hospitals and everything in between, there is a sincere desire and commitment to ensure that no one faces cancer alone in the Bay Area.

The implementation of our three-year strategic plan has begun and promises more growth for BACC. Anchoring our efforts will be our continued commitment to the values we were built upon: empowering people through the highest-quality programming and resources, in an environment of warmth and compassion.

Our success is your success. It's our community's success. We extend our deep gratitude to our donors, partners, Board, and volunteers, as BACC welcomes 2019—energized for the exciting plans and challenges ahead. Thank you for joining us on this journey. We hope you feel inspired by what you're about to read and most of all that you feel proud of the significant impact you have made in the lives of those facing breast and ovarian cancer.

With heartfelt gratitude,

Rina Bello  
Executive Director

# THANKS TO YOU...

Your donations of funds, resources, expertise, and time have made all the difference for our clients! With your help, we provide a unique haven for our clients – where their questions can be answered, their burdens eased, their bodies nurtured, and their hearts lightened. **Thank you!**

## Expanding in San Francisco!

This year, BACC joined forces with Latina Breast Cancer Agency (LBCA) in San Francisco, to ensure there is a continued source of free breast health resources and navigation assistance for people who are uninsured or underinsured. LBCA and their long-standing program, Women Caring for Women, are now part of BACC. Guilda Hernandez joined BACC's team as Client Care Navigator, helping clients out of the San Francisco office on Mission Street. We're grateful for all the partnerships that will continue and the opportunity to help even more people in the Bay Area.

*"It is extremely important that we carry on the mission of LBCA and help people in need to access diagnostic services, breast health education, and emotional support. We are excited to add even more programs for our clients in San Francisco to further complement the medical care they're receiving."*

– Rina Bello, BACC's Executive Director

## **One-on-one consultation** with our Medical Research Specialist

**195** people worked individually with Erika Bell, Ph.D., BACC's Manager of Medical Information Services.

Erika helps people better understand their diagnosis and treatment options, providing thorough information from trusted sources. Clients gain knowledge that assists in their communication with their medical team, in decision-making, and in reducing the fear and anxiety that often comes with a diagnosis.

*“Erika helped me by providing a lot of research information in advance of my appointment. The practical help gave me the information I needed. Knowing that BACC was there meant that I did not have to do this alone. Thank you!”*

## **Special Presentations**

**38** special presentations throughout the year provided cutting-edge information to our clients on topics such as: Sugar and Cancer, Breast and Ovarian Cancer Fitness, Survivorship, and Palliative Care. Our gratitude to partners like Peninsula Jewish Community Center and Mills-Peninsula Hospital for collaborating with BACC to make more programs possible!

## Behind Every Great Organization...

Every year, we take the time to honor and recognize a special donor who helps Bay Area Cancer Connections change the world for cancer patients. This year we'd like to recognize Oracle for its support of nonprofit organizations that provide vital health and human services, assist families and people in need, and strengthen the infrastructure that supports a healthy society.

For many years, Oracle has given generously to advance BACC's mission and help ensure that personalized support and information is available free of charge to those facing breast or ovarian cancer. Since 2011, Oracle has granted over \$250,000 to Bay Area Cancer Connections. They have funded support groups and, for eight years, have hosted our annual cancer conference in their state-of-the-art conference center:

This support has been critical to BACC's ability to expand and to provide the highest quality programming to our clients.

"Oracle is committed to strengthening the communities we call home, and that includes collaboration with nonprofits like Bay Area Cancer Connections to increase access to vital health and human services. We are proud to be part of BACC's growth and positive impact in the Bay Area," said Nicole Snow, Senior Manager, Oracle Giving and Oracle Education Foundation, Oracle.

Oracle funds so many well-deserving organizations around the Bay Area. BACC is extremely grateful to be a recipient of their continued generosity and unwavering support.

# BACC's Spectacular Volunteers

Our ability to provide the caliber of personalized support and services for our clients would not be possible without the countless hours that our volunteers donate. We are endlessly grateful for the time and talents donated by each volunteer!

The following list includes 307 volunteers who were active from July 1, 2017 - June 30, 2018.

BACC is incredibly grateful to the wide variety of professionals who gave their time and expertise as physicians, nurses, social workers, therapists, educational speakers, photographers, attorneys, marketing professionals, IT specialists, etc.

We strive for accuracy in our listings. Please email [info@bayareacancer.org](mailto:info@bayareacancer.org) if your information is incorrect.

## Diane Quenell 2018 Volunteer of the Year

Diane has photographed BACC's most important moments for over 15 years. Her professional photography expertise has been instrumental in our efforts to share the amazing things we do with the community through our website, social media, and publications. We are so grateful to Diane for her generosity, humor, talents, sacrifices, incredible work ethic, and love for BACC. Thank you, Diane!

Colleen Carvalho, Diane Quenell, and Rina Bello

## Thank you, Italian American Women's Guild!

We are so grateful that over 40 women from the IAWG regularly come together and sew beautiful heart pillows to assist BACC clients in their recovery after breast surgery. For many years now, the pillows have been included in our comfort totes and people are so touched by the support and loving thoughts of this amazing group of women. Thank you, Lubiana and friends!

## In 1993, two women decided to dream big...

Jill and Ellen —  
a patient and her  
doctor — knew that  
we could do better  
for breast cancer  
patients. They rallied  
hundreds of passionate  
volunteers to join in  
and create a solution.

At a time when  
'cancer' was often  
whispered, support for  
patients was scarce,  
and the internet was  
a new thing...BACC  
(then CBHP) was  
born!

# It's time to dream big again!

BACC now provides more than 45 programs free of charge. Many in the Bay Area who need us cannot easily get to us. So, we've been working hard to bring BACC to them.

By developing effective partnerships and leveraging technology, we've reached new communities. And we have even bigger plans and dreams ahead!

**Thank you for helping us come so far. We cannot wait to make an even bigger difference as we forge ahead to the next 25 years!**

# Our Generous Donors

We are grateful for the support of the individuals, foundations, corporations and organizations whose generous contributions make BACC's programs and services possible.

The following list reflects gifts received between July 1, 2017– June 30, 2018.

"Tears came from [my friend's] eyes as she expressed gratitude for all that BACC does for so many. She said, 'You know...we'll do everything we can to donate to them in the future. What they do is simply amazing.'"

Thank you to everyone at Bay Area Cancer Connections for the difference you make in the lives of others, and especially for my dear friend."
