*A child's friend through and beyond a parent's cancer.*

Camp Kesem is a nationwide community, driven by passionate college student leaders, that supports children through and beyond a parent or guardian's cancer. This year, 10,000 children will receive Kesem support services, attend Friends & Family Days, and experience summer camp at over 140 weekly sessions of Camp Kesem, completely free of charge. For many children, their Camp Kesem experience is life-changing – providing a community of children a safe and welcoming environment to have fun and rediscover their childhood.
